

Welcome to the Never Alone Never Again meeting of Narcotic Anonymous.

We will now open the meeting up wt. the Serenity Prayer:

Is there anyone here attending their first Narcotic Anonymous meeting?

This is not to embarrass you only so we can get to know you better.

There's one **MUST** that applies to everyone attending, no drugs or paraphernalia be on your person at any time. If you are carrying any drugs please go outside and leave it and then you are welcome back. This is for the protection of our meeting place and other addicts. If you have used have used today, please do not share, but talk to someone after the meeting.

Can someone please read?

1. Who's an addict?
2. What is a NA program?
3. Why we here?
4. How it works?
5. We do recover.

At this meeting we read a portion from the Living Clean the Journey Continues. We will each take turn reading 1 paragraph until the section is complete. If you not wish to read, simply say pass.

Today we will be reading-----

The leader starts first then we will go around the room starting from the left.

The meeting is now open for participation.
