

# Janet Elizabeth Davis

We recently lost one of SHARE!'s beloved longtime employees and family members and we are very saddened by the loss of such an amazing and inspiring friend, co-worker and treasured person within the community.

Janet Elizabeth Davis passed away on Saturday, December 4th, 2021. She worked for SHARE! in Downtown Los Angeles for 8 years. Her role as a Program Coordinator included supervising peer specialists and building community, inspiring personal growth and change, and connecting people with self-help support groups, housing, jobs and volunteer opportunities.

"Janet was an integral part of the Downtown Community, working with her team at SHARE! Downtown to inspire people to leave addiction and homelessness behind and join the recovery community. She was well loved by all and gave great hugs to all who wanted them. She will be sorely missed."

Ruth Hollman, Executive Director of SHARE!

"Janet was keen on getting every homeless person housing as soon as they wanted it. She would call the SHARE! Collaborative Housing homeowners with the person needing housing on the phone and she would house them on the same day. Then she would keep following up with them to make sure they had the support they needed and were attending their self-help groups. Janet impacted so many lives. We all feel the loss tremendously."

Maria Gonzalez, Program Manager of SHARE! Collaborative Housing

"Janet was not only a co-worker but also a sister in recovery. Janet loved the Skid Row Community and went the extra mile to get people into self-help support groups for addiction and mental health issues. She made sure that anyone who wanted to get housed found a place immediately in SHARE! Collaborative Housing and got on with their lives. She loved the people in the Skid Row community as family, sometimes referring to them as "her babies."

Camille Dennis, Program Manager and Janet's supervisor

You have touched so many and have made  
a huge difference in all of our lives.  
Your smile, warmth, and kindness will  
be remembered and fondly missed. We love and miss you!
